Kgopotso Molele

I'm a passionate 23-year-old female with a knack for HTML, CSS, and JavaScript, alongside proficiency in API integration, SEO optimization, Bootstrap, GitHub, and hosting. Constantly on a learning curve, I believe in self-upskilling with every opportunity, driven by a fervent desire to excel in the dynamic realm of web development.

EMPLOYMENT HISTORY

CODSOFT

January 2024 – February 2024

- Developed a responsive landing page for an African Cuisine Restaurant using Html & CSS
- Created a fully functional Calculator that works with both keyboard entered numbers and the embedded numbers on the calculator using HTML, CSS & JavaScript
- Created a portfolio which demonstrated my skills and also the other projects I did using HTML & CSS.
